## Teachey Students Tie for Second in Polar Bear International Competition

Last week, the Teachey Tigers learned they tied for second place in the Polar Bear International Competition and grant-funding program. The **Teachey Tigers and Polar Bears...OH MY!** will receive half of a grant worth \$750 from the organization. Teachey Tigers and Polar Bears...OH MY! expanded the recycling program in their school. They created videos to be aired during the school's news broadcast, taught students what can be recycled, and how doing small things can make a big environmental impact. The team also planted herb windowsill greenhouses. The Teachey Tigers plan to build a backyard habitat using repurposed materials. During the process, advisors instilled a leadership ethic in the students and then watched them lead their classmates.
